**DETAILED ACTION**

1. This office action is in response to the application filed on 03/02/2004
2. Claims 1-39 are pending and have been examined.

***Oath/Declaration***

3. The Office acknowledges receipt of a properly signed oath/declaration filed on March 02, 2004.

***Priority***

4. The priority date considered for this application is July 26 1999.

***Drawings***

5. The drawings filed on March 02, 2004 are accepted by the Examiner.

***Specification***

6. The disclosure is objected to because of the following informalities:  
The information disclosed in section RELATED APPLICATIONS is not correct and is not consistent with PTO records (see for example, at page 1, paragraph [0001], line 3, for application number 09/529,992, now becomes US Patent Number 6,690,982 and is different from Patent Number 6,529,992 as applicant

disclosed at line 4. For the US Patent Number 6,529,992, its original application number is 09/360,337)

Appropriate correction is required.

### ***Claim Objections***

7. Claims 35-39 are objected to because of the following informalities:

Claims 35-39: Group of claims 35-39 and claims 26-30 all dependent on claim 19, but claim similar subject matter about external devices. The Examiner believes these are typos. For the purpose of compact prosecution, the Examiner treats claims 35-39 as the dependent claims of claim 31.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

8. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

9. Claims 2, 8, 27-30 and 35-39 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 recites the limitation "said task disk control file" at page 32, line 1. There is insufficient antecedent basis.
